4-Port USB 3.0 Hub

SuperSpeed up to 5Gbps - 10X faster than USB 2.0

Overview:

USB Hubs from Aluratek provide the easiest way to expand your connectivity for your desktop or laptop. With the ever-increasing number of USB devices such as MP3 players, printers, scanners, and external hard drives, you always need more USB ports for your computer.

USB Ports for Easy Expansion
The USB 3.0 hub come with a 4-port configuration allowing for easy expansion and addition of USB devices to your PC or MAC laptop and computers. With Hi-Speed USB 3.0 at transfer rate of up to 5Gbps, you will able to transfer or backup your MP3s, digital photos, and digital videos and access your content in no time. That's 10X faster than USB 2.0!

Plug-and-Play
The USB hub is completely plug-and-play and ready to go right out of the box. The hub is bus powered from your USB port, with no external power adapter needed. The hub is fully backward-compatible with USB 2.0 and 1.1 devices. The attached USB cable design is perfect for mobile professionals.
